Co-curricular Activities at the British School of Bucharest

The British School of Bucharest offers the National Curriculum for England. A British education emphasises performance whilst always focussing on a child's broader development. While acquisition of knowledge is vital, it is not sufficient alone to guarantee success. All learners must develop to their full potential to challenge and discover their world.

At the British School of Bucharest, we enhance the British curriculum with an extensive and varied programme of around 115 co-curricular activities (CCAs), providing students from Reception to Year 13 with fantastic opportunities. They can try new sports and activities or pursue a variety of interests and service opportunities which often develop into lifelong passions.

We encourage students to enrol in at least one activity every term. The after-school CCA programme runs from Monday to Friday, 15:00 to 17:00. Many of our CCAs are offered free of charge, whilst others may have a participation fee. We refresh our selection of CCAs each school term. You can book a place for your child through the Parents' Portal at the times announced via school email.
